- Problem Solving
- Client Communication
- Strategic Planning
- Lifelong Learning Attitude
- Time Management
- Continuous Learning

PROFILE

Skilled frontend web developer boasting over 2+ years of hands-on experience in leveraging JavaScript and advanced frontend technologies to create responsive, user-friendly interfaces. Proficient in modern web development techniques with a proven track record in transitioning legacy systems, streamlining operations, and boosting user satisfaction. Adept at collaborating with cross-functional teams to optimize project delivery timelines. Committed to continuous learning and keeping abreast of the latest industry trends and best practices.

WORK EXPERIENCE

- **ADSEA (AzərSu)** 01/2026 - PRESENT
Strong Middle Front End Developer | Next
 - Developed and maintained an internal corporate platform for managing company announcements and enabling real-time communication through an integrated chat system.
 - Upgraded and migrated legacy internal systems to modern architectures using React and Next.js, improving performance, scalability, and maintainability.
 - Built reusable and scalable UI component libraries using Tailwind CSS, SASS, and LESS, ensuring design consistency and accelerating cross-system development.
- **GreenPay** 04/2025 - 01/2026
Middle Front End Developer | React
 - Integrated React as the primary framework, enhancing the web application's responsiveness and user interaction.
 - Utilized Material-UI (MUI) for UI components, delivering a consistent and modern interface, boosting user satisfaction rates.
 - Employed Redux for state management, ensuring efficient data handling and streamlined user experiences.
 - Led knowledge-sharing sessions on React JS best practices, enhancing team productivity and code quality.
- **Lama Group (Remote)** 04/2024 - 04/2025
Strong Junior Front End Developer | NextJS
 - Developed a QR Code generator web application using Next.js and TypeScript, ensuring high performance and scalability.
 - Implemented customizable QR Code creation features, allowing users to generate codes with text, URLs, and design options.
 - Integrated client-side and server-side rendering (SSR) in Next.js, improving SEO and load times.
 - Utilized strong TypeScript typings, reducing bugs and ensuring maintainable, type-safe code.

EDUCATION

2023/04-2023/11
DIPLOMA IN FRONT END
DEVELOPMENT FROM
Div Academy

- GPA: 100 / 100

2021 - 2025
DIPLOMA IN AACU IN
INFORMATION TECHNOLOGY

- GPA: 87.53 / 100

LANGUAGES

- English (PRE-INTERMEDIATE)
- Turkish - (NATIVE)

- Refined UI/UX with responsive design principles, delivering a smooth and accessible experience across devices.

Div Academy

03/2024 - 04/2025
